Department of Mathematics, BGU

Mini-Course: Model theory of algebraic vector fields

Prof. Rahim Moosa[1] will give a mini-course of three lectures, via the program for researchers from abroad. The first, introductory talk will be given as a Colloquium talk[2], followed by the second[3] and third[4] talks during the following week.

Time: *May ,11—2 2023*

Location: *Department of mathematics, BGU*

Web: *https://www.math.bgu.ac.il/research/events/moosa-dcf*
