Department of Mathematics, BGU

Geometry and Group Theory

On *Sunday, November ,13 2016*

At *14:30 − 15:30*

In *101-*

Yair Glasner (BGU)

will talk about

An organizational meeting for this new seminar. URS and C*-simple groups .

Abstract: This will be an organizational meeting for this new seminar. Please bring or send your time constraints.

Time premitting I will also give a short survey talk: Unfiormly recurrent subgroups and groups with a trivial amenable radical that fail to be C^*-simple. In this I will describe the new construction by Adrien Le-boudec of such groups, following the criterion for C^*-simplicity by Kalantar-Kennedy.
